CYPRESS ENTERPRISE

"A Friendly Zone To Build Your Home"

VOL. XXII—No. 37 | Cypress, California, Friday, July 8, 1949 | Price 5c Per Copy

Said In Cypress

That John, besides being chief shoe repairer and a fix-it man, is full of info on fishing besides. Seems he listened on short wave receiver down at Earl Sartwell's the other evening to conversations going on between crews of sport fishing boats. He heard from the skipper of the boat which he fishes from that the albacore are really running. The catch was good, and the season is now in full swing, if you're a sport fisherman fishing for albacore.

That we can't miss the opportunity to say that if you like a play from the legit stage, you'll love "Taming of the shrew" in production this week at Holiday stage. Just because it's Shakespeare, don't let it scare you. If you are prepared to laugh, and can stand the surprise of having the characters appear from most any spot in the theater—it's for you.

That the John Thomas's discovered that fascinating park of all fascinating parks on their day off last Tuesday—Griffith, up in L. A. But what we were most interested in, having attended it a few times ourselves, was John's remarks on the similarity to the Greek theatre to those in his native land. Having come from the central part of Greece in his youth, John recalls the open-air theaters, with their pillars of real marble, also the fact that scientists discovered a theater in their locale which had been buried for many centuries. The marble columns were unearthed intact, and used in a church building. In Greece, the season is limited, much as the case here for meeting comfortably in the open-air.

We Didn't Win, But Cypress Did Have A Float

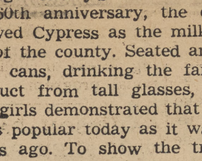
Typically a community enterprise, the float entered by the Cypress chamber of commerce in the Huntington Beach parade on the fourth of July represented Cypress as a dairy community and advertised White Gold day to be held on October 8.

In keeping with the theme of Orange county's celebration of its 60th anniversary, the entry showed Cypress as the milk center of the county. Seated among milk cans, drinking the famous product from tall glasses, boys and girls demonstrated that milk is as popular today as it was 60 years ago. To show the transition to modern times, an old-fashioned separator, manned by Mrs. James Broadbelt in period costume, was used for contrast.

Using the four-wheel trailer loaned by Steve Luther, 5431 LeLong street, as the foundation, the float was decorated in gold and white paper, under the direction of the advertising chairman for this year's committee, James Broadbelt. Dale Kroesen's Oldsmobile pulled the trailer, and attractive banners and signs appropriately lettered completed the theme.

Children who rode in the parade were Mr. and Mrs. G. L. Kelley's Carolyn and Michael; Mr. and Mrs. Jack Junker's Virginia and Donnie Holt; and Mr. and Mrs. Ray L. Houghton's Sandra, Peggy and Mary Lou. The boys were dressed in white shirts and blue jeans, and the girls in gingham dresses, traditional white gold day attire.

The separator was donated through the courtesy of H. F. Davis, 4741 Crescent avenue, and the milk cans by the Ferreira dairy. Jake Van Dyke, general chairman for this year's celebration, assisted in procuring the latter, and also furnished enough milk to last the parade route.



The next regular meeting of the Boy Scouts will be held Monday evening, July 11, at the scout house on the rear of the school grounds.

Committee members of the sponsoring VFW report that no replies were received from the desparate plea for leaders in last week's issue. It is possible that the scouting program will have to be postponed in Cypress until school starts again in the fall.

Fathers are urged to be present at Monday night's meeting, as are any volunteers who may be interested in assuming leadership of this group of boys, but have failed to indicate their desires to the committee chairman. Such volunteers are urged to be present at the scout's meeting, beginning at 7:30 o'clock.

Local Softball Teams Play Four League Contests Next Week

Both the Merchants and the Devilettes will play in their respecive leagues next week with the girls meeting three teams, while the men play one contest.

The Merchants will strive to continue their winning streak, having lost only one game all season, when they meet the All American Market from Downey in a league tussle at Norwalk at 8 p.m. next Thursday night.

In their last meeting, the All Americans gave the local team a real battle with Cypress winning by only a 4 to 3 margin.

Tonight, the Devilettes will journey to Norwalk where they will take on the Norwalk team. Hawaiian Gardens will come to Cypress to play the Devilettes Tuesday night and Wednesday the local girls will go to Orange to play the junior Lionette team.

Merchants Win First Game In Second Round

Hawaiian Gardens proved to be a much tougher team in second round play than they were in the first, but the Cypress Merchants still took them into camp 6 to 0 last week.

In the first league game of the season, early in May, the Gardens team took a 16 to 2 shellacking from the locals.

With Jimmy Wright on the mound, the Merchants got their six runs on eight hits while holding their opponents to only three bingles.

Devilettes Are Trounced Twice

The Devilettes didn't fare so well this week, losing two games by wide margins, 19 to 8 and 22 to 0.

In their meeting with Corona the visitors started out by garnering six runs in the first. The Cypress girls managed three scores in the second and fifth, but Corona, after picking up a few in between, got another six in the seventh, making the final count 19 to 8 in their favor.

Kittens Score Freely

Tuesday night, the Buena Park Kittens invaded the Cypress field and embarrassed the Devilettes, 22 to 0. Cypress got only three hits, one when Darlene Greeway hit a double, another was picked up by Nelda Wright, and the third was credited to the new pitcher, Gerry Gibson.

The Kittens scored heavily in only two innings, getting 12 runs in the third and seven in the fifth.

TWO NEW BUSINESSES SLATED FOR CYPRESS

Permits have been issued by the county for two new businesses in Cypress.

The first was acquired by L. A. Joiner for a six-unit bungalow court to be located on Lincoln ave., east of Holder road.

The other belongs to Kermit Johnson, who will operate a grocery store at Walker street and Vonnie Lane.

Schedule Printed For Local Mails

For the convenience of readers, Mrs. Ruth Pugh, Cypress postmaster, has suggested that the following schedule be printed telling the times of arrival and dispatch of mail on the mail truck from the local postoffice:

Mail Arrives
7:45 A.M. Santa Ana
10:48 A.M. Long Beach
1:35 P.M. Santa Ana
3:25 P.M. Long Beach

Mail Dispatched
7:45 A.M. Long Beach
10:48 A.M. Santa Ana
1:35 P.M. Long Beach
3:25 P.M. Santa Ana

Cypress Now Has An Accredited Air Training School

Residents of Cypress and surrounding territory may now apply for flight training, either for private or commercial licences, at the Cypress airpark, one mile east of Cypress on Lincoln ave.

Owner Jim Bryant received the credentials attesting to the approval for his flying school for the Veterans administration, the state board of education and the Civil Aeronautics administration last week.

Anyone interested in flying may enroll in the school. Ex-GI's who can show their intention to put the training to use as a means of livelihood will receive benefits and approval of the Veterans administration.

Besides the school's training personnel for commercial and private licenses, as described above, there are other types which Bryant will be glad to explian to persons interested. Besides the owner-manager, there are two trained aides. A Link trainer is used in teaching instrument flying.

Free Prizes Are Still Offered To Boys, Girls

The ENTERPRISE subscription contest, open to all boys and girls, is still going strong. Turn to page three and see the huge variety of free merchandise that is available by merely selling subscriptions to the ENTERPRISE.

Although many young people have started on their drives for subscriptions, there are still several people in town who are waiting for someone to come so they can give them their subscription.

So don't delay, boys and girls. Start working on your favorite prize today. For further explanations as to the rules, come to the ENTERPRISE office across from the elementary school.

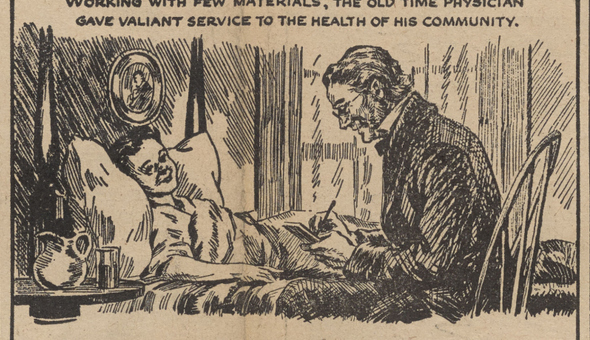
Prizes are being offered by the ENTERPRISE in cooperation with the Cypress hardware and Henry's drug store.

GETTING SET FOR FAIR — Preparations are now being rushed for staging the 1949 Orange County Fair on new, permanent 15-acre site at former Santa Ana Air Base near Santa Ana. Dates for the event have been set for Aug. 18-21, inclusive. In photo above, Evelyn Smith, Virginia Ortega, Beebe Gonzales and Jane Yarbrough, all of Orange County, add touch of beauty to sign at entrance to fairgrounds. A gala array of exhibits and stellar entertainment are being planned for the coming event.

OUR DEMOCRACY——by Mat

WONDER DRUGS

WORKING WITH FEW MATERIALS, THE OLD TIME PHYSICIAN GAVE VALIANT SERVICE TO THE HEALTH OF HIS COMMUNITY.



THE PHYSICIAN OF TODAY HAS THE SUPPORT OF THE GREAT PHARMACEUTICAL INDUSTRY THAT HAS STANDARDIZED THE PRODUCTS WHICH HE PRESCRIBES—AND HAS CARRIED NEW DRUGS FROM THE MEDICAL LABORATORY INTO MASS PRODUCTION.

AS A RESULT OF THE AVAILABILITY AND EXTENSIVE USE OF PENICILLIN, THE SULFAS AND OTHER DRUGS, DEATH RATES INCIDENT TO CHILDBIRTH, PNEUMONIA AND APPENDICITIS HAVE IN THE LAST 10 YEARS, BEEN REDUCED AT LEAST 60%.

DOES CYPRESS ENDORSE JUVENILE DELINQUENCY?

One of the few agencies here to help boys find a place for themselves and an interest in an activity besides mischief is fast losing ground for lack of leadership.

For ten years the Boy Scouts of America organization has allowed a charter to be maintained in Cypress. Boys in the troop have been sponsored by individuals, by the school, by the firemen, and lastly by the VFW Post No. 9847. The charter was renewed recently in an elaborately planned ceremony to which the public was invited. Many people undoubtedly had other commitments. But there are those people in the community who constantly decry the actions of modern youth and ask what can be done about them. This was an opportunity to help answer that query. The boys' efforts failed miserably for lack of interest and cooperation.

It is a signficant fact that those who are earnestly endeavoring to carry on this project are none of them parents of scout-age boys, and in two or three cases the individuals do not even reside here, but must drive from a distance to engage in this work.

Probably the most discouraging fact is the lack of interest shown in the Boy Scout movement. For the most part, while there is no criticism, neither is there a word of praise for what the few leaders here are trying to do.

Maybe you, as a parent or friend of boys of troop age, do not particularly favor the Boy Scout organization? But until Cypress has leaders to support another group here, go along with the officers at hand and give them our support for what there is to work with at present — the Boy Scouts of America organization.

V.F.W. AUXILIARY ADDS NEW MEMBER

An unexpected development occurred last week when the call for help (!) was issued through these columns by the auxiliary to Cypress Post No. 9847 of the VFW.

It was suggested by Jean Kreissler, president, that local housewives save Camay wrappers, Ivory and Duz package tops, and telephone Anaheim 28949 or any member, so that they could be called for.

The group is happy this week to welcome a new member as a result of this publicity, and feels that there may be other eligible women who would join the auxiliary if they knew the conditions for membership. If a man in your family served overseas with the services, you may be eligible to become a member of the auxiliary. In all events, you are invited to save those wrappers and aid in a worthy cause.

INDIAN RELICS ARE FOUND IN CYPRESS

While digging near the site of a new house they are building, Fred Mackay and Price Seibert uncovered an Indian mixing bowl and pestal last week.

Both the relics were found close together and deep enough so that it is a good bet that they have not been disturbed by plowing for a good many years.

When time permits, they will be taken in to a qualified geologist to have the exact origin disclosed. In the meantime, anyone in Cypress who knows about such things might drop around at Fred's and tell him what they know about the instruments.

MERCHANTS' BATTING AVERAGES RELEASED

Paul Roggia, NSA statistician, released the Cypress Merchants' batting averages up to the Hawaiian Gardens game this week.

Leading the local team is Boeckler with a .500 percentage. He has had three hits in six times up. Arbiso is second with .429 on seven for three. Other averages are:

Henry, .400; Richards, .350; Wright, .304; Wilson, .333; Anderson, .286; Minner, .273; Falls, .261; Duncan and Ferrierra, .250; Bader, .222; and Holliday, .214.

TWO CYPRESS BOYS ON SAME NAVY CRUISE

Unaware that they call the same town "home," and that their mothers have become bosom friends, two lads are cruising the Mediterranean area, compliments of Uncle Sam's navy.

Members of the sixth task force, Jack Campbell, RM 3rd class, is aboard the USS Leary, a destroyer. Bailerman 1st class Robert N. Norton is assigned to the aircraft carrier USS Coral Sea. Jack is the son of Mrs. Gwen Campbell, who lives at the corner of Lincoln avenue and Grindlay. She formerly lived with her daughter and son-in-law, Chief Boilerman Art Flagle and their little girl on Cypress avenue. The Campbell's were originally from New Orleans.

Robert is the son of Mr. and Mrs. J. E. Smith, 5701 Vonnie Lane.

The cruise is taking the boys to many interesting ports of call in the Mediterranean area.

CHILDREN'S ORGANIZED PLAYGROUND HERE OPENED TUESDAY ON LOCAL SCHOOL GROUND

ERECT FENCE TO ENCLOSE NEW LAND

Further improvements are being made on the land recently acquired for the local school district, to the west of the present grounds.

Fill dirt and top soil have been ordered to level off the front portion. A cyclone fence, as is used on the rest of the grounds, will enclose the new land. Two driveways will require two pairs of 24 foot gates.

As another improvement, a new roof will restore the old section of the school building, that on the northwest corner, which houses the business office and class rooms.

Firemen Announce Saturday Night Dance on July 16

Members of the Cypress Volunteer fire department are all set to invite the public to their fire hall on Saturday evening, July 16. The same orchestra which has so highly pleased patrons at the two previous dances the firemen have sponsored will once again furnish music in the modern manner.

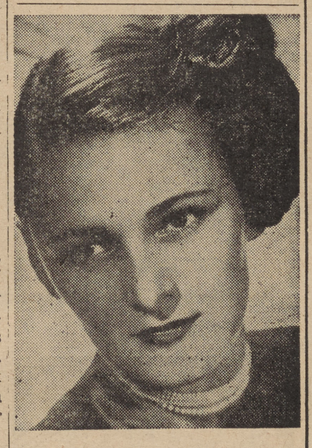
Proceeds from the dance will be used to buy extra equipment needed by the fire-fighters, and not furnished by the county.

Tickets may be purchased from any member of the fire department. Buy now and plan to attend on Saturday evening, July 16.

Third Comedy At Holiday Stage

Ina Claire Chatterton—a name that echoes the finest acting traditions of the American stage—is the real name of the photogenic model and sparkling actress who will appear next week in the third Holidy Stage comedy, "Susan and God."

Trained by the eminent theatrical producer Oliver Hindsell, Miss Chatterton came to Orange county direct from a series of



INA CLAIRE CHATTERTON

leading roles in plays which include "Private Lives," "Blithe Spirit," Night Must Fall," "Biography," and "Young Woodley."

A native of California, she has joined the resident company of the Tustin professional theatre to play in alternate weeks during the straw hatters' third summer here. Miss Chatterton will portray Leonora, sophisticated actress, in the Rachel Crothers comedy that opens Monday at Tustin for a week's run.

Topping the cast of "Susan and God" is Mary Finney, popular favorite of Orange county audiences, and Peter Adams, who will play Miss Finney's husband. Currently Holiday Stage is offering a fast and riotous version of "The Taming of the Srew" to delighted audiences. Colorful scenery, gay costumes, and zany slapstick comedy are all a reflection of the spirited enthusiasm of the cast of thirty players and their director, Bobker Ben Ali.

"The Taming of the Shrew" runs through Saturday, with a Saturday matinee, with "Susan and God" — also starring Miss Finney and featuring Peter Adams — opening Monday, July 11, for a week's run.

BOARD SIGNS NEW SCHOOL TEACHER HERE

Wesley Visel has been chosen by the board of trustees to teach in the seventh grade next year. Visel and his family live in Anaheim, where he is active in Cub Scouts. This summer he is director of the organized playground activities on the Cypress school grounds.

MRS. E. HIGGINBOTHAM, HUSBAND TO TULARE

Word has been received from the former afternoon kindergarten teacher, Mrs. E. Higginbotham, that she and her husband are now residing in Tulare. Mrs. Higginbotham is a native of Hawaii, and the position in Cypress which she accepted in February was her first teaching experience on the mainland. She has indicated that she will hold a similar position in Tulare next school term, probably in the first or second grades. All other Cypress teachers indicated they will return here in the fall.

Christmas Fund "Kitty" Begins In Chamber

In an effort to avoid being asked for a sizeable donations at the last moment for the Christmas funds this year, chamber members are starting a new plan for building it up.

Not only will chamber members have the satisfaction of donating to the fund in small amounts, but they will also be eligible for an award each month.

Here is the way the committee, headed by Mrs. Leona Murdock, has set up the plan:

Each member of the chamber of commerce may, on his own initiative, donate at each meeting, 25 cents. Of this amount, 15 cents so collected shall be allotted to a "drawing fund" and the remaining 10 cents shall remain on deposit towards the Christmas holiday needs.

To be eligible for drawing, a "Fund Member" must have attended the two previous meetings and also be present at the drawing, to be held the first meeting of each month. The kitty is not to be re-donated to the fund.

VFW Fireworks Sales Successful

Officers and members of the Cypress Post No. 9847 of the VFW have indicated their satisfaction in the project undertaken before and during the recent holiday to add to their building fund.

A tidy sum is reported from the sale of fireworks, and the patronage from people in and around Cypress is especially recognized and appreciated by members of the organization.

The group maintained and staffed two stands, one at the Hancock station west of town, and one at the corner of Lincoln avenue and Walker street.

Indications are that the newly organized summer playground for Cypress children will prove highly successful. Opening on Tuesday for the first time, attendance was reported to be good by director Wesley Visel. A good representation of mothers have volunteered their services as assistants, according to Miss Elizabeth Dickerson, district school superintendent in the local school.

Children Keep Busy

To be held on Tuesdays, Wednesdays and Thursdays from now until the last of August, the program calls for organized games beginning in the mornings at nine o'clock, followed by an hour of handcraft. Book shelves, bird houses, rabbit hutches, or any such items may be selected as a project. The director wishes it known that any donations of simple tools and material would be welcome and be appreciated, since the school has no shop of its own. A quiet period, before the luncheon hour, will be given over to books and stories. Visel has been promised the cooperation and support of the local librarian, Mrs. Roy King in this phase.

Eat At School

Picnic tables have been set up and a lunch may be eaten at the school, or children may return for the afternoon session. Small children of pre-school age will probably need a rest after lunch and need not return until later in the afternoon.

The afternoon schedule is reversed, beginning with a passive hour of books and stories, followed by an opportunity to resume work on whatever project has been undertaken in the crafts. At about one-thirty, organized games will be played until time of dismissal.

As the season and interest progress, it is hoped to add to the activities here and there to further bentfit the children. The community is fortunate in having access to such a fine recreational program.

GARRISON, FALLS WIN FREE PASSES

"Salty" Falls, 8672 Walker, detected the two mispelled words in the Cypress hardware advertisement last week to win himself two free passes to the Cina-Car Drive-In theatre at 6612 Lincoln.

Ronald Garrison, 5631 Camp, rode his bicycle out to the Richfield station early Friday morning to pick up his passes.

The two words in the Cypress hardware ad which were good for passes to the first person to report them to the merchant were "Lincon" and "Anahiem." In the Richfield ad, they were "mekanic" and "yor."

The contest will continue this week under the same rules. At least two words will be misspelled in some ads in the Enterprise. The FIRST person to report in person to the merchant who sponsored the ad is the winner of two free passes.

More than one ad will contain the mistakes, and only persons 12 years old and over are eligible since children get in free at the Cina-Car.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

FRIDAY—JULY 8
Los Alamitos Fire Dept. Auxiliary—8:00 P.M.— Fire Station.

SUNDAY—JULY 10
Church Services—All Churches.

MONDAY—JULY 11
Cypress Nazarene Young Women's Missionary—8:00 P.M.—Church.
Cypress Chamber of Commerce—8 P.M.—Cypress School.
Cypress Boy Scouts—7:30 P.M.—Cypress School.
Los Alamitos American Legion Post 716—8:00 P.M.—Community Church.

TUESDAY—JULY 12
Cypress Baptist Woman's Missionary Society—2:30 P.M.—Church.
Los Alamitos Boy Scouts—7 P.M.—Laurel School.

WEDNESDAY—JULY 13

MORE OF SAME

Well, the people of California now have the "privilege" of paying more taxes to the state. The return to the 1943 level — a 3 per cent sales tax instead of 2½ per cent, along with higher income and franchise taxes — will not impose an impossible burden on their pocketbooks — that is, it won't make the total burden much more impossible than it already is, but it's not far from impossible right now. Anyway, the revenue collector will relieve us of a few more dollars each year and the state is expected to gather an additional $64 million in the process. In some communities the sales tax will be 3½ per cent with the local one-half cent tax added to tre state levy. On income taxes, the personal exemptions will drop from $3000 to $2000 for single persons and from $4500 to $3500 for married persons. Franchise and bank taxes will go up 15 per cent. The average California wage earner will probably pay out about $5 a year more on the higher sales tax. Not much, but those "little drops of water" help to wear away his purse and his patience.

WATER SHORTAGE STILL WITH US

To many of us it comes as quite a surprise to learn that the state is now facing a water shortage as serious as that of 1948.

On the whole, there has been considerably more rain in California this year than last. And the snow pack looks wonderful., But the experts who really know, point out that the rainfall in the northern Sacramento Valley, for instance, has been only slightly more than 50 per cent of normal. The situation in the San Joaquin Valley isn't much better. Also, they report that the water content of the snow ranges only from 60 to 75 per cent of normal.

Although storage in some of the big reservoirs is somewhat greater than at this time in '48, the vital Shasta Dam has a half million less acre feet of water in it now than a year ago and is holding hardly more than half its capacity.

These facts emphasize not only the gravity of the current siuation, but the basic water problem which California faces. The large increase in population and the rising demand for water for industrial purposes due to the enlargement of the state's industrial plant, make it necessary for us to have more water now than in the past. But the low rainfall in recent years leaves us with much less.

It all points to the conclusion that we cannot long continue to depend solely on nature for our water supply. Something must be done to utilize economically the vast body of water that lies at our shores.

It's right there waiting to be used — an inexhaustible source. The problem certainly deserves intensive study and research until solved.

FOR THE

ENTERPRISE CONTEST

18 Free Prizes

GIVEN FOR ENTERPRISE SUBSCRIPTIONS

Here's What You Do

1. Visit all your friends and neighbors and ask them to subscribe for one year to the CYPRESS ENTERPRISE for $2.00.
2. Bring the names and post office addresses of all new subscribers you get to the CYPRESS ENTERPRISE office, located across from the Elementary school on Lincoln Avenue.
3. The ENTERPRISE will give you receipts to take to the new subscribers so you can collect the money and bring it back to the ENTERPRISE office.
4. When you have enough subscriptions for the prizes you want, we will give you a slip to take to the store and you may pick up your prizes.

IF YOU DON'T UNDERSTAND THESE RULES—COME TO THE ENTERPRISE OFFICE — WE WILL WILL EXPLAIN THEM!

The Prizes

ACROSS FROM ELEMENTARY SCHOOL

MISSED THE BOAT AGAIN By MACKENZIE

I RISE TO REMARK

by John Phillips

This being the of July week, I suppose I should wave the flag and let the eagle scream. Frankly, the eagle doesn't feel like screaming, at least not with joy and pride. He's having too many of his tail feathers pulled out in the 81st Session. Instead, I'll make a letter out of material I intended to put in the Congressional Record, but I had to go to a committee meeting (the Palm Springs Indian Bill was reported out) and while I was there, the Thursday session adjourned.

I can't include all the copy I would have used. The gist of the matter is the resolution passed around, among Republican members, for signatures, asking the President to cut all appropriations from 5 to 10 percent, thus presumably bring them inside the income of the Federal government.

It has an appeal, until you analyze it. Of course, even a 10% cut wouldn't bring the budget figures for next fiscal year, which the President would cut, back to those of the present fiscal year. The real objection, and the reason I declined to sign the paper, is that our party, the Republican Party, has been the outspoken supporter of this unique form of government known as the Republic, a form so strong that for 160 years it has withstood the political, economic and social storms, although every other nation in the world has changed its government at least once in the same time.

We say that this strength lies in simplicity; in checks and balances; in protecting freedoms; in the division of responsibility between the three branches: the Legislative Branch makes the laws, the Executive Branch carries out the laws, and the Judiciary, by a 5 to 4 decision, tells us what they mean!

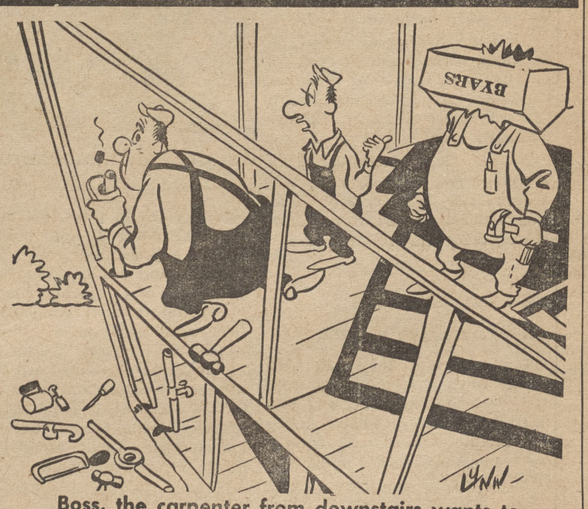
When we circulate a petition asking the President to do work exclusively given to the Congress by the Constitution, we suggest we are unable to do that job ourselves. Yet who criticizes the President when the Executive Branch encroaches on the Legislative Branch? Could it be the Republicans? We criticize thousands of regulations, which have the effect of laws; we dislike the creation of a maze of bureaucracies by executive orders; we say harsh words when a treaty is called an agreement, because an agreement, even if it reads as a treaty would read, doesn't have to go to the Senate for confirmation; we particularly dislike deficit spending.

Last Thursday was a red letter day in our history, or a black letter day. We passed a bill by a margin of 43 votes, the housing bill, which "authorized and directed" the Treasurer to pay up to $19 billions on the demand of an appointed, not elected, head of a government agency, without review or approval of the Congress, through any of its committees. The same day some of the Republicans signed this petition I am writing about, which says in effect, we are unable to do the budgeting job which is ours under the Constitution. It is still our job. The 80th congress, for the only two years in a continuous list of deficits since 1932, kept the expenditures inside the income. It can be done. This session we are back again to deficit spending.

I could suggest that if you want to see a log-rolling at its best, just give one man a dictatorial power to decide whether money appropriated in any of the 435 Congressional Districts shall be left in or taken out in applying the 5% cut!

I rise to remark that my name is one of the 64 not on the petition.

Our Want Ads Get the Best Results



Boss, the carpenter from downstairs wants to see you.

Not all accidents are unpleasant — lady accidently came in for a 30 gallon hot water heater but accidently told us the size of her family. We installed a 20 gallon instead (adequate for her family's need) and saved her money. Story doesn't end there. She accidently related incident to friend who purchased another 20 gallon water heater. Any of you need a new hot water heater accidently?

7931 E. WHITAKER BUENA PARK

Travelogue

by James C. Duncan

The day and a half we spent going to Hong Kong was a welcome relief. We enjoyed the quiet and peacefulness of the sea. The sea was calm and the sun was becoming noticeably warmer as we went south. The water was a deep emerald, trimmed in frothy white caps. At night, the stars appeared to be star sapphires gleaming against a background of black velvet. They looked close enough to almost reach up and pluck them from their domain.

We entered the harbor straits of Hong Kong at 0945 (9:45 a.m.) As we sailed through the harbor channel, created by the mainland and the island of Hong Kong, we passed a few sunken ships sticking their grotesque skeletons out of the water, reminding us of the hells of war which had engulfed this now peaceful harbor.

On the mainland, opposite Hong Kong, is the city of Kowloon. It was here that we docked. Kowloon is a small city and Lenny and I were surprised to see how clean and quiet it was compared to Shanghai.

The next day, Lenny and I boarded the small ferry boat which runs between Kowloon and Hong Kong. Arriving in Hong Kong we went sightseeing and took pictures of all the interesting spots. The city has a charm of its own which is hard to describe. Tall buildings, small shops, bustling streets crowded with people, cars, buses and trolleys.

One trip a tourist must make while in Hong Kong is the trip in the small cable cars that run up to the top of the peak which overlooks the city. Lenny and I boarded the cable car at the depot with some of the others from the ship. We found our seats which were narrow and tipped back to a startling degree. Presently, a bell rang and car gave a jerk and we went into an almost verticle position as the car started up the steep mountainside.

Arriving at the top, we got off and walked to a point where we could see for miles. Looking over Hong Kong, it appeared to be a mass of colors blending one into another and miniature buildings. Over on the Kowloon side, Mount Davis appeared to be of Lilliputian size. The Pacific sparkling behind us and the rich green vegetation on the mountain completed the scene.

The next day, Lenny and I went sightseeing in Kowloon. We walked to the outskirts of the city and visited the many small shops along the streets. As we walked along, we often paused and watched the activity in some of the shops. We saw camphor chests being made and old men carving beautiful designs into their surfaces. These old Chinese men must have had years of experience and patience beyond reproach in order to perform such a painstaking task.

We saw luggage being stitched together; brass pots and pans being molded into shape by the ceaseless pounding of mallets which created a deafening noise.

Along the sidewalks were peddlers sitting by their wares, which were spread out on dirty rags and paper. There were farmers trying to sell their poor produce, beggars and playing children. The stench from lack of sewers, animals and humans was at times overpowering.

So far, in Shanghai and Hong Kong, we had been discharging cargo. When we left 'Frisco, the ship was drawing twenty-seven feet of water, but now she was only drawing seven.

We spent five days in Hong Kong and Kowloon, then we sailed for Manila, Philippine Islands.

SALES TAX NOW 3% AFTER RISE

An added levy of one-half per cent on a dollar in states sales tax became effective July 1. This increase is expected to cost buyers an additional 44 million dollars within the next 12 months, state officials estimated.

New charts showing the tax up to fifty dollars have been printed and are available at the News office.

SOUTHERN CALIFORNIA EDISON COMPANY

Mr. and Mrs. H. F. Davis, 4741 Crescent avenue, had as their guests on Sunday Mr. and Mrs. Art Mittelstedt, of Long Beach. The Davis family returned on Saturday from a two weeks' vacation in North Dakota, where they visited relatives and friends.

Mike Bolinger, young son of Mr. and Mrs. James Bolinger, Jr., 5861 Grace street, has recovered from severe cuts on the bottom of his bare foot, suffered when he fell from a bicycle last week on Lincoln Ave. across from the school. A tetanus shot was administered as a precautionary measure.

CYPRESS LOCALS

Billy Von Foeken, son of Mr. and Mrs. Frank Van Foeken, 8512 Walker street, and a student in the local elementary school, left on the train Wednesday evening by himself to spend the rest of the vacation in Hull, Iowa, with his grandparents, Mr. and Mrs. William Vanderkooi.

Mr. and Mrs. Mickey Thomas and their children, who formerly resided at 9161 Hansen road, have moved to 2524 east Pacific Coast Hiway, Long Beach 4. Thomas is a cement contractor.

Mr. and Mrs. R. G. Taylor and Thyron Taylor, 8521 La Homa street, returned the first part of the week from an extended visit in Texas.

Visitors in the James B. Moss home at 5681 Danny avenue over the holiday week-end included his sister and brother-in-law, Mr. and Mrs. Doug Allen; his brother and sister-in-law, Mr. and Mrs. Milton Moss; his father and mother, Mr. and Mrs. Virgil B. Moss, all of Phoenix, Arizona, and his uncle and aunt, Mr. and Mrs. Harry Barrows, of El Monte. Mrs. Virgil Moss stayed for a longer visit with her son's family and also those of her brothers, the Frank and Foster Noes.

Mr. and Mrs. Clarence Fender and David, Teddy and Marion left Thursday noon for Dexter, Iowa, where they will visit with friends and relatives. Mrs. Fender's mother has been seriously ill with a heart ailment, and for this reason the trip was made at this time. They plan to be home again about July 25.

Mrs. Leona Murdock's son, Billy, returned to his home in Tujunga Tuesday following his recent operation and recuperation in his mother's home.

Mr. and Mrs. James Broadbelt, 5561 Vonnie Lane, entertained his father and mother, Mr. and Mrs. F. M. Broadbelt of Westchester, at Knott's berry farm on Saturday evening. It was Mrs. James Broadbelt's birthday.

Mr. and Mrs. Paul Brenneman and sons, Tommy and Kenny, of Fresno spent the week-end of the Fourth in the home of her parents, Mr. and Mrs. E. V. Corby. Other guests in the Corby home were their other daughter's family, the John Boyd's and Roderick, of Burbank, Mrs. Corby's brother's family, Mr. and Mrs. Laurence Henning and two daughters of Los Angeles, and her mother, Mrs. Mathilda Henning.

Horace P. McKinzie is "batching it" these days. His family, comprising his wife, Gloria, Erling and Lester left Sunday evening for Chicago. They plan to visit for three weeks to a month.

Mrs. Bessie McCoy returned to her work at the M & H market on Monday following her vacation this summer.

LAYOFFS ACCOUNT FOR THREE-FOURTHS OF UNEMPLOYMENT

Layoffs accounted for more than three-fourths of all unemployment insurance claims, according to a recent survey made by the California department of employment.

Nearly half of those who reported they had been laid off said that lack of business or work was the cause.

A higher percentage of men than women were laid off, the survey showed. The figure for men was 85 per cent, while for women, was 62 per cent.

Most of the men who had lost their jobs had been employed in skilled, semi-skilled and unskilled classifications. But for women, the concentration was in the clerical and sales service groups.

15 Per Cent Quit

About 15 per cent of the claimants reported that they had quit their jobs, and almost two-thirds of those who quit had been employed on clerical and sales and service jobs. The proportion of women who had quit was much higher than men.

Among the comparatively small group of men who quit their jobs, the leading causes were personal health and insufficient earnings. Among women, personal health and leaving the area were the main reasons given.

More claimants were in the 30-39 age bracket than any other, although for women only, the greatest concentration was in the 20-29 age bracket by a slight margin.

Discharges and partial claims each accounted for about four per cent of the total claims filed. Partial claims are filed by employees on the basis of a reduced work week and reduced earnings. Slightly less than one per cent of the claims resulted from trade disputes.

SUMMER DRAMA CLASS OFFERS FIELD TRIPS TO PLAYHOUSES

In addition to a varied program of classroom instruction, field trips to Pasadena Community Playhouse, Tustin Summer theater, Laguna Summer Theater, radio and television broadcasts and visit to Hollywood moving picture studios, should make George Archambeault's Principles of Acting one of the most popular classes in Fullerton District Summer School.

An eight weeks course, the Principles of Acting class will consider the history and technique of play production, theory and participation in acting and will participate in actual acting problems, produce a full length play.

MAN ARRESTED AFTER 4-HOUR, 115 M.P.H. CHASE

James H. Osborne, 26, of 7272 Orangethorpe Ave., Buena Park, pleaded not guilty to a charge of drunk driving as the aftermath of a four and a half hour, 115 miles per hour, pursuit by squad cars before dawn on Sunday through this community, Anaheim and Fullerton.

Police of the two incorporated cities, deputy sheriffs of the county, and officers of the California Highway Patrol participated in the chase. Two shots were fired at the speeding vehicle at one point.

A road block at Western Avenue and Manchester Blvd. halted Osborne's car at 5:45 a.m. Following his plea of not guilty to the drunk driving charge and posting of $250 bond, Osborne was released to appear in Anaheim justice court Tuesday.

Additional charges against him were of reckless driving, speeding, running boulevard stops, failing to yield right of way to a siren and traveling 100 miles per hour in a 25 miles per hour zone.

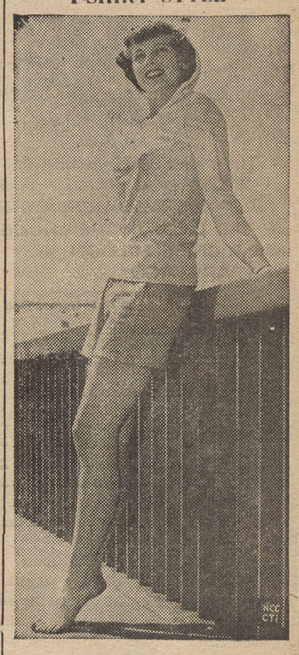
NAVY TO APPOINT FLYING CADETS

Word has been received from the Navy Department by Lieutenant Commander William B. Garrison, U. S. Navy, Director of Naval Officer Procurement, with offices at 626 South Spring street, Los Angeles that fifteen hundred (1,500) Naval Aviation Cadets will be appointed during the Navy fiscal year beginning July 1st. These men must be between the ages of 18 and 27, must have completed at least two full academic years toward a degree at an accredited college, university, or junior college, be unmarried and meet the physical requirements for Naval Aviation which includes normal color perception, hearing, pulse and 20-20 vision.

Naval Aviation Cadets receive $75.00 per month, board, lodging, required uniforms and the premiums on $10,000.00 worth of National Service Life Insurance is paid by the government. They are sent to aviation school for eighteen months at the "Annapolis of the Air" at Pensacola, Florida, and then commissioned as Ensigns in the U. S. Naval Reserve or Second Lieutenants in the Marine Corps Reserve with pay at $318 per month without dependents, $399 with dependents.

Naval Aviation Cadets become eligible for transfer to the Regular Navy or Marine Corps after completion of eighteen months of commissioned service in such numbers as may be required to meet the needs of the Service.

T-SHIRT STYLE



The cutest thing under the sun is a pretty girl at the beach—especially when she's wearing a smart cotton T-shirt with a little Red Riding Hood effect. With the T-shirt, designed by Gantner, she wears cotton shorts a shade darker.

Many Open Air Events Included Among Things To Do In July

April 30 - Sept. 5

CHRISTIAN SCIENCE SUBJECT 'SACRAMENT'

"Sacrament" will be the Sunday Lesson-Sermon subject in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Matthew: "Thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly."

It is recorded in The Acts that Peter urged the people on the day of Pentecost, "Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost . . . Then they that gladly received his word were baptized: . . . And by the hands of the apostles were many signs and wonders wrought among the people; . . . There came also a multitude out of the cities round about unto Jerusalem, bringing sick folks, and them which were vexed with unclean spirits: and they were healed every one."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures:" "Jesus established in the Christian era the precedent for all Christianity, theology, and healing. Christians are under as direct orders now, as they were then, to be Christlike, to possess the Christ-spirit, to follow the Christ-example, and to heal the sick as well as the sinning."

CELEBRATE BIRTHDAYS AND AN ANNIVERSARY

A three-reason cause for celebration Tuesday evening found several local couples visiting the Colony club, in Gardena. The occasion honored the wedding anniversary of Mr. and Mrs. J. D. Beck, of Lakewood, the birthday anniversary of the latter, and the birthday of Mrs. James Broadbelt of Cypress.

Fourteen guests enjoyed the pleasant affair. Those from Cypress were Mr. and Mrs. James Broadbelt, Mr. and Mrs. Carl J. Sanders, r., and Mr. and Mrs. A. E. Arnold.

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Cypress School District of Orange County, California, will receive sealed bids up to 1:00 o'clock P.M. on the 23rd day of July, 1949, at the office of said School District, located at 5202 Lincoln Boulevard, Cypress, California, at which time said bids will be publicly opened and read for the following:

ITEM 1. All materials, labor and services for the removal of existing fence, being approximately 641 feet, and reinstalling the same, all as shown on Specifications on file in the office of the Cypress School District, and

The installation of a new fence of like type and appearance, consisting of approximately 667 feet, all as shown and described in the Specifications on file in the office of said District.

ITEM 2. All materials, labor and services for the removal of approximately 7400 feet of roofing, and the reroofing of the building with two layers of 30 lb. felt with mop asphalt between, top flood coat asphalt to be not less than 50 lb. 100 sq. ft. with rock imbedded. Fire walls to be covered with 30 lb. felt and it to be covered with 90 lb. cap sheet; 91 double flash all vent pipes and outlet boxes, all in accordance with the Specifications on file in the office of said School District.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Cypress School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this contract. The prevailing hourly wage scale so ascertained is as follows:

Fencing	
Structural Steel Worker (Fence)	$2.225
Foreman	$2.225
Journeyman	1.975
Laborer	1.4875
Roofing	
Roofers	$2.25
Foreman	2.50

One and one-half times the prevailing rate of wages shall be paid any workin~ time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8).

Each bidder must submit with his bid a satisfactory check certified by a responsible bank or a bidder's bond in an amount not less than five percent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into the proposed Contract, the proceeds of the check will become the property of the Cypress School District of Orange County.

Each bid must be on a blank form furnished by the Cypress School District.

The successful bidder shall be required to furnish one (1) bond which shall protect the laborers and materialmen and shall be for fifty percent (50%) of the amount of the Contract, and one (1) bond in the amount of fifty percent (50%) of the Contract, guaranteeing the faithful performance of the Contract.

The Board of Trustees of the Cypress School District reserves the right to reject any or all bids, and not necessarily accept the lowest price bid, and to waive any informality in any bid received.

WANTA SWAP SHOP?

Hi thar neighbor, how you all this here fine summer day? You don't know me but my kids go ter school wiffen yourn, so that makes us neighbors. I got a idear I thunk mabe youns would like to here.

Yesterday it was I made a swap with one of my friends. Sheuns had a chest of draws and uh 39 in. matteress she didn't need and I did. I had a big dresser, too big for my small bed room and a dressen table and bench I wern't using, she wanted soo what did we do but swap purty nice huh.

Now hear is what Id like to no' is how would you all here in Cypress like to have a swap shop all our own where weuns could exchange things we have and ain't needen for somethin we uns would like ter have. If you like the idea drop me a penny post card, with your name, address on it and also what you have to swap and what you would like in trade. Put down your phone number too if you have one, or a neighbors phone will do, so I can get in touch with you. We will trade any thing from bobby pins to bike peddles come on folks it will be lots of fun. Address your cards to

A Shoemaker's Poetry

There was an old woman
Who lived in a shoe.
She had so many children,
She didn't know what to do.
They wore out their shoes
And made her despair,
So she took their shoes to

Los Alamitos

Mrs. Frank J. Watte, Phone L. B. 95348

Two current brides, Victoria and Ola Mae McGinnis, who married brothers, are vacationing with their new husbands in Ellensburg, Washington, for 3 weeks.

August and Lura Labourdette were host and hostess at a beach party last Friday. A large group of friends gathers round a cheerful fire on the Seal Beach front and ate delicious tortillas and beans. Included were Mr. and Mrs. Larry Horler of San Rafael, Mr. and Mrs. Bud Rutledge, Mr. and Mrs. Art Troutman and family, Carol Jane.

Raymond True has spent the past week in the hospital with pnuemonia. He was able to come home Tuesday. Also Lawrence Plumber was taken seriously ill at work in the navy ship yards last Monday, and has been in the navy hospital ever since. He suffered a heart attack.

Poet's Corner

Enola Chamberlain, Los Alamitos poetess of 461 Howard street, has had 19 poems accepted for publication during the month of June. She has won two honorable mentions in the Anonyme Workshop contest; one in the American Bard contest, and won first prize in Chromatones' Precision contest.

Chromatones is a Long Beach publication, edited by Lyra Lu-Vail of 907 Freeman avenue. The Precision contest poem was published in the July issue of Chromatones.

DESERT DAWN

So beautiful at dawn the desert lies,
Far stretched in waiting hush to hills that rise
Like Persian rugs dropped careless fold on fold;
Their purple patterns interspersed with gold,
Then suddenly the sun escapes the hill—
The birds, like thaw-few streams with fervor spill
A flood of music. Winds arise and sweep
Across the sand, arousing trees from sleep.
The quail speed here and there with muted whirr—
The day has come, the desert is astir.

The Good Neighbors' Club held its monthly meeting at the home of Mrs. Sadie Larsen. A special event of the day was the surprise baby shower given for Mrs. Mary Bryan. The guests were then entertained with bingo, followed by delightful refreshments.

Other summer vactioners include Mr. and Mrs. Macomber who left by train for Chicago, Illinois. The Gaa family is spending some time in Sacramento and Evelyn and Roy See had a grand five-day spree in San Francisco.
